ACCESSIBILITY PLAN 2024 – 2026

They are like trees that grow beside a stream that bear fruit at the right time and whose leaves do not dry up. They succeed in all they do. Psalm 1:3

THE PURPOSE OF THIS POLICY

This plan shows how Uley C of E Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

INTRODUCTION

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Physical or mental impairments can include sensory impairments (such as those affecting sight and hearing) and learning difficulties. The definition also covers certain medical conditions when they have a long-term and substantial effect on pupils’ everyday lives.

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head. The Accessibility Plan will be monitored through the Governor Finance and Premises Committee. The school will work in partnership with the Local Authority in developing and implementing this Accessibility Plan.

The Accessibility Plan will be published on the school website.

The Accessibility Plan for physical accessibility relates to the Access Audit (See Appendix 1) of the School, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

Uley C.E. Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school. Everybody has a right to live, learn and flourish.

AIMS

Our Aims are:

- **Improve and maintain access to the physical environment** this includes improvements to the physical environment of the school and physical aids to access education
- **Increase access to the curriculum for pupils with a disability**, this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits
- **Improve the delivery of written information to pupils**, this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats.

Uley School aims to include all pupils, including those with disabilities, in the full life of the school. Our strategies to do this will include:

- ♦ having high expectations of all pupils;
- ♦ finding ways in which all pupils can take part in the full curriculum including sport, music and drama;
- ♦ planning out-of-school activities including all school trips and excursions so that pupils with disabilities can participate;
- ♦ setting admissions policy and criteria which does not discriminate against pupils with disabilities or treat them unfairly;
- ♦ devising teaching strategies which will remove barriers to learning and participation for pupils with disabilities;
- ♦ planning the physical environment of the school to cater for the needs of pupils with disabilities;
- ♦ raising awareness of disability amongst school staff (teaching and non-teaching) through a programme of training;
- ♦ by using language which does not offend in all its literature and make staff and pupils aware of the importance of language;
- ♦ by examining our written resources to ensure that there are examples of positive images of disabled people.

Our objectives are detailed in the Action Plan below

Information

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.

In planning to make written information available to disabled pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The school's ICT infrastructure will enable us to access a range of materials supportive to need.
