Through our curriculum - What we aim to:

Equip all children with the skills and knowledge to enable them to live, learn and flourish. Embracing both success and challenge to be the best that they can be.	Nurture children to grow in understanding, knowledge and empathy of themselves and others and become confident, caring and active members of society.	Cultivate children’s confidence, independence, resilience and love of learning to become literate and numerate across all areas of a challenging and broad curriculum - from EYFS through to Y6.	Build deep understanding, knowledge and appreciation of the history, culture and individuality of our local area, city and wider world.	Ensure our curriculum enhancements are accessible to all and responsive to children’s needs, interests and aspirations.
---	---	--	---	---

How we will achieve it:

Ensure curriculum opportunities support and nurture children’s emotional health and spiritual well-being.	To develop effectiveness of subject leaders to plan and drive subjects, purposefully monitoring and supporting colleagues to ensure consistent high quality provision.	Ensure connectivity between learning experiences to embed transferable, purposeful knowledge, skills and reasoning.	Develop opportunities for children to articulate depth of understanding- use of rich vocabulary, pupil voice and interaction with wider community.	Embed opportunities to recognise, respect, value and celebrate difference and diversity.
